

CET SCHOOL OF MANAGEMENT COLLEGE OF ENGINEERING TRIVANDRUM

Certificate Programme in Entrepreneurship

COLLEGE OF ENGINEERING TRIVANDRUM

College of Engineering Trivandrum was established in 1939 as the first engineering college in the then Travancore state. Over the past 85 years it has grown to the most sought-after institute of engineering and management studies in the state of Kerala. The College has eight full-fledged departments offering under graduate, post graduate and Ph.D programmes under APJ Abdul Kalam Technological University. Most of the programmes are accredited by National Board of Accreditation and the departments are approved research centres.

CET SCHOOL OF MANAGEMENT

Recognizing the dynamic nature of the business landscape, CET responded by introducing a part-time MBA program in 1985, aiming to equip young leaders with a comprehensive understanding of global perspectives and developing economies. A full-time MBA program was strategically launched in 2000, as a self financing programme under Government of Kerala. CETSOM is actively involved in organizing regular training programs and conferences for academia and industry. Leveraging the rich experience of its faculty members, the school is also adept at undertaking consultancy projects.

About the Programme

The CET School of Management (CETSOM) is offering a 90-hour Certificate Programme in Entrepreneurship, thoughtfully curated to empower aspiring entrepreneurs, working professionals, and students. The programme aims to build a strong foundation in entrepreneurial thinking and action by integrating theoretical knowledge with practical experience.

Participants will engage in a dynamic learning environment that includes expert-led sessions, real-world case analysis, business simulations, and interactive workshops. The curriculum is designed to inculcate innovation, strategic decision-making, and business acumen, enabling participants to confidently launch or scale ventures in a competitive market landscape. Whether your goal is to start a new business, develop an existing idea, or broaden your entrepreneurial mindset, this programme offers the essential tools and techniques to transform vision into action.

Programme Outcomes

- Enhances the entrepreneurial competencies among aspirants.
- Help translate management theories into real-world entrepreneurial practice.
- Enables participants to present and refine their business ideas through expert evaluation before implementation.
- Facilitates meaningful networking with like-minded peers, successful entrepreneurs, and industry experts.
- Encourages collaborative exploration of funding opportunities for viable and innovative business idea.
